WRAPPING YOUR PACKAGE FOR SHIPPING:

Insert the book between two pieces of cardboard. Wrap with bubble wrap. Put in a reusable box for the return of the binding. Add a label with your forwarding address.

SHIPPING YOUR PACKAGE:

Please use the services of Canada Post, or USPS (United States) because couriers such as FedEx, Purolator and others do not deliver to a P.O. Box.

For packages coming from outside of Canada: To avoid delays at Customs, it is best to specify a minimum declared value (\$ 1) and as a description put document or gift. This is in order to expedite the processing of parcels through Customs and avoid opening of the package and payment of taxes for expensive items.

However, if you insure your shipment by the postal service, and there are additional costs (taxes, customs or other), you will be responsible for them.

REPRODUCTION & PHOTOGRAPHY

I, _____, the undersigned, accept all the conditions of participation and hereby authorize, ARA-Canada to photograph the binding, before and during the exhibition. It is understood that the photos will only be used for the catalog, the website and for any publicity around the exhibition Chemins de traverse.
